Description/Agenda (Please include a brief description/agenda for your event)	We would like to host an ongoing opportunity this fall for students struggling with mental health concerns. Currently, Ave supports students by providing counseling services through the Center for Psychology. The law school pays for up to three virtual sessions. The grant money will fund additional counseling sessions for those students who may need more sessions. The additional counseling sessions will be promoted during October for the 2020 Health and Wellness Law School Challenge. Ave students will be sent an email regarding the opportunity to access more than three counseling sessions with the Center for Psychology. Not all students use the counseling services, so this will be based on, first-come, first-serve basis, and individual student's needs.
