

Florida State University College of Law
Headshot Day
March 2021

The headshots will be taken at the Florida State University College of Law. We have asked a FSU Law alum to take the headshots this year. We are still waiting to hear back from her regarding an estimate of how much it will cost to take and supply headshots for all of our students. Last year, the approximate cost to take and supply headshots to our 1L class was \$400.00. This year, we will be opening it up to the entire law school, so it will likely cost more, but we will update you on the exact total once we hear back from the photographer.
