about the reading. This program will bring law students, young lawyers, seasoned lawyers, and judges to read, learn and discuss one or more topics on diversity and marginalized groups. Through this program, attendees will be able to learn more about a diverse group of people and the community that they serve. This program will encourage, foster, and facilitate conversations about many different topics that affect the community at large. After education on the topic, the weekly discussion sessions will provide an opportunity for discussing how we can be more inclusive community with respect to that topic or group. We will partner up with the Hillsborough County Bar Association Young Lawyers Division to plan and execute this project. This is a great opportunity for students to network and get to know other young lawyers and judges in the community. We have yet to decide on which book we will use for this project but it will be decided middle of December. We plan to begin the book club in middle to late January 2022.
